Surprise your guests with
authentic Italian gelato

**To make your party perfect you must leave
nothing to chance.**

After inviting people and choosing the dress, the location and the decoration, it's the time to carefully define the menu, especially sweets and cakes.

**What kind of party has no
*delicious dessert?***

Surprise your guests with the Italian artisanal gelato, it will be a treat that they will hardly forget.

Gelato & Co

Gelato&Co offers an outstanding quality Italian Gelato, ensured by the traditional homemade process: differently to industrial ice-cream which relies on automatized production and artificial preservatives, artisanal gelato is made fresh in-house daily, using only carefully selected natural ingredients.

Our smooth, creamy gelato includes Italian signatures such as Sicilian Pistacchio and Piemontese Hazelnut together with several vegan and dairy free options, including Strawberry sorbet, Lemon sorbet and Dark Chocolate gelato. With our delicious gelato we also make excellent desserts like gelato cakes, and other Italian classic pastry treats.

Like almost 99% of Italian foods, our products are fancy desserts, an elegant way to close the meal with a sweet, artisanal and natural flavor.
